Do you know a young person who is passionate about art?

Criw Celf Secondary is an Arts Council of Wales funded project for children who have shown a talent or special interest in Art. Young people from schools in Swansea and Neath Port Talbot, in Years 7 & 8, are able to apply and become part of this exciting project at Mission Gallery.

Over several weeks, taking place on Saturdays, participants will have the opportunity to enjoy **five master classes** led by professional artists and designers, exploring a range of art techniques and skills. This is an amazing opportunity to take part in regular art workshops, build on your creativity and have your work exhibited in a public space.
