Once you have your chosen colours, fill the space with colour and texture working in sections, be bold and don't be afraid to get messy using paints, crayons or pens. Glenys often uses her fingers to blend colour into her landscapes.

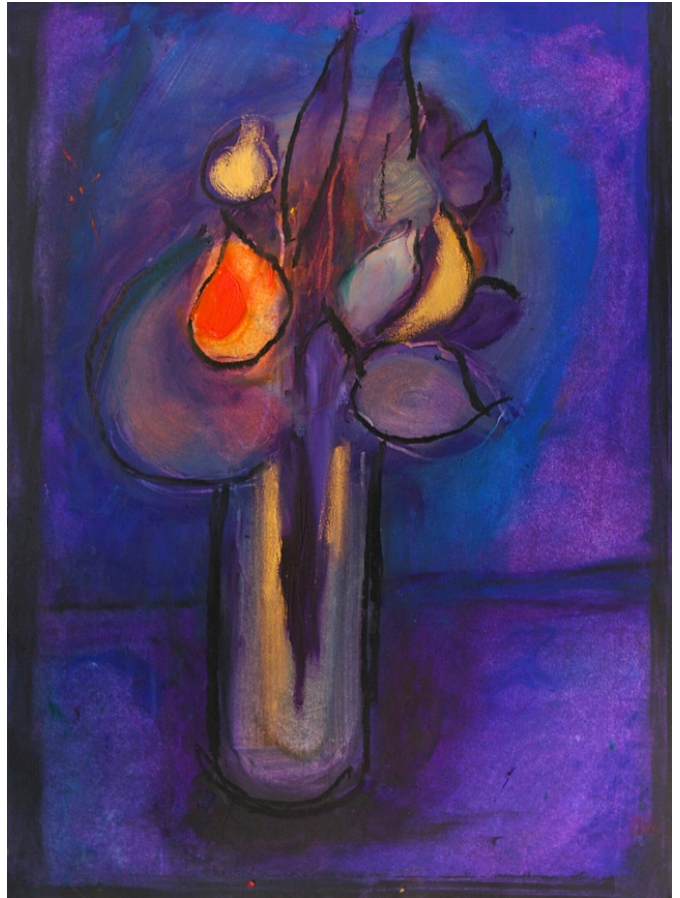

"I've been painting landscapes all my life. Without realizing, it you are taking in all the things around you. It's always in the back of your brain like a library of ideas" - Glenys Cour

Flower Dream

The *Mabinogi* is a collection of legends and tales from Wales. Glenys has often been inspired by the story of Blodeuwedd, a woman who was made of flowers when painting her art work.

Notice the dream like quality of the flowers, how much detail would you add?, Glenys uses wispy black lines to outline her flowers and focuses on the overall floral forms.

Using your favourite colours, create your own flower vase. be playful and bright ! Cut shapes from paper and glue them down collage style or use soft oil pastels to add layers of colour to your art work.
